

HIS HOUSE, HIS HOPE, THEIR STORIES

His
house
OUTREACH
MINISTRIES, INC

Fran is a student at Victory Bible College. She has her own place with her daughter and together they are building their life on a Godly foundation! At the age of 14 she was being groomed, but by 17 Fran was a victim of human trafficking. She was sold to a man by her mother. For 17 years she was in a relationship that was toxic and abusive, but it resulted in the birth of her daughter, Jewels. One day the violence was so bad that she almost lost her life. She decided to leave with her daughter and change her life. To make ends meet she became an exotic dancer. While dancing she noticed a ministry called No Strings Attached. They would routinely come in to the club and visit the women dancing. They would share Jesus Christ with them. A special woman named Lindsay continued to reach out to Fran every time they would minister to the women. On Oct. 11th 2019, right where she was, she invited Jesus into her heart. Jesus changed her however; a change in lifestyle was not that easy.

During the 2020 pandemic Fran lost everything and was about to lose her home. Going back to her old life was never an option but she didn't know what to do. In the midst of her personal struggles she had a passion for women trapped in the lifestyle she had endured. She walked Admiral Place in Tulsa ministering to prostitutes and giving them journals with bible verses inside. One day she and her daughter had an encounter that moved her life forward; she was connected to His House Outreach Ministry. Because of patrons and donors like you, Fran and Jewels were able to be placed in one of the ministry homes! Though Fran had not been to prison, she was in transition and needed support. We are so thankful for testimonies like hers. Fran is currently employed at She Brews Coffee House.
